### THE WEATHER

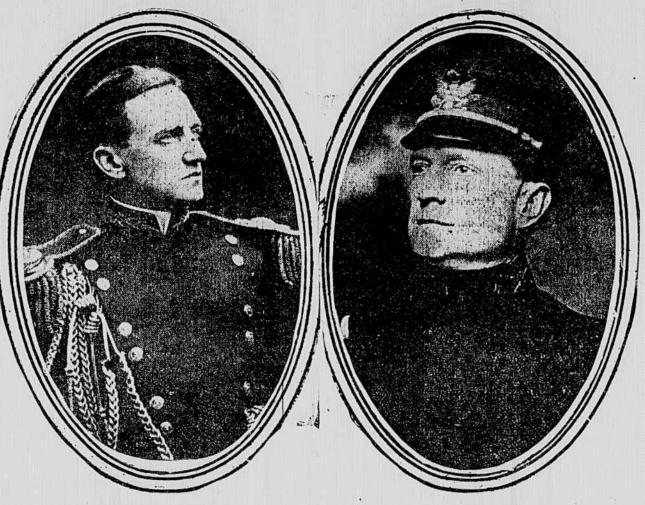

Under the present restricted parcel post, the Richmond post-office employs ten clerks and carriers to handle this class of mail matter exclusively. It is expected that more clerks and carriers will be needed when the bars are lifted on August 15. New charts taking into account the changes in the service, will be furnished the local office by the Post-office Department before the reforms go into effect. The Richmond office has been selling \$6.00 worth of parcel post stamps monthly and conducting the business at a monthly expense of \$1.00.

## Park Concerts.

Park concerts by Stein's Band will be given this week as follows. Friday-Monroe Park. Sunday, 5:30 to 7.30-Washington

Marriage Licenses. Licenses to marry were issued yes-terday to Wilhon Jones and Estelle Burks, and Jay R. Kindig and Caroline

### To Encourage Young People to stay on the farm is one of the main things which the

National Soil Fertility League is working for.

The League has taken as its slogan, "Farming Is Mankind's Greatest Industry, and the Soil Is its Greatest Physical Asset," and advises fathers and mothers of the farm to encourage the children in farm work by taking them into a limited partnership, encouraging the study of farming and giving them a material share in the profits.

In our experience, the greatest incentive and encouragement is some DEFINITE object as a goal of en-

Despite the fact that the condemna-

sition for a joint armory, and were with difficulty persuaded to wait their turn. In despair of coming to any set-tlement, Captain Johnston and a number of other officers recently forwarded their resignations to the Adjutant-General, and there was talk of asking the State to muster the battery out of service. Strong pressure was brought to bear on the Norfolk City Council, and it has adopted an appropriation ordinance providing a new armory. As soon as this is signed by the Mayor, it is understood that the resignations are to be withdrawn.

FROM FRYING PAN INTO THE FIRE

A case tried yesterday, in which an unusual feature developed, was that of M. S. Olds, charged in a warrant with threatening to shoot his wife, the complainant. Magistrate T. J. Puryear, before whom the case was heard, ordered Olds placed under bond in the sum of \$250 for good behavior for twelve months. As he stepped from the dock a free man, papers in a suit for divorce, instituted by Mrs. Olds yesterday in the Chancery Court of Richmond, were served on Olds by Sheriff Herbert Mercer.

Building Permit. A building permit was issued yes-terday to the Richmond and Henrico Railway Company to build an oil house on its property at the east end of Marshall Street, at a cost of \$150.
